Dublin. June 15. 1864

My dear Mr Macy

This shabby scrap is enclosed in case the Standard of there is little space room. Your two letters of enclosures have come to hand & are most gratefully received. Mrs Cotton & the rest of the Isham Baxter families are greatly obliged to you & to Ashe. I am sure I wish you could both come just for a little while instead of sending me abroad — and listen to the lark & the cuckoo, feed strawberries

The contents are cabinet & shall be duly adopted only very slight alterations

Eliza Wetherell has written to ask me if I could get an autograph of Mary Russell for a devoted admirer of hers in Scotland who has taken great pains to make her name known and honoured. If any immaterial note or letter of hers could be spared I would be very glad. We shall send the cabinets on on Saturday — as they are too late to be enumerated in these our pleasures.

Yours ever R.D.W.Rob
